

Transitions and Into New Frontiers

22nd September 2021

Aggie, Blessing, Lucy, Harriet and Achieng.

It's been two months now since we transitioned into parenthood and we bless the Lord for good health and provision. Thank you for Praying and your continuous support, may God keep blessing you.

Before the birth of our daughter Nia, my wife was meeting 4 teenage girls to help them grow in their relationship with God and also prepare them for college. Late in August 2021, two of them received acceptance letters to join Moiben Technical and Vocational College. Just like we trusted God with them for positions in college we also trusted God for provision which He provided enough for them to pay for tuition fees and also get some amount for upkeep. This has taught them that God indeed answers prayers and in this case their prayers.

Harriet and Achieng in School at Moiben Technical and Vocational Training College

We received Brian Otieno as a staff trainee with the Navigators being trained by Lucy and Myself, from our early morning meetings and prayers it's interesting to see how determined He is to grasp and commit to growing in his relationship with God.

Nia at two months

We have been asked to shift to rural Cheplaskei to support and see to the continuation of the work that was started by our colleagues who also moved back to the United States.

The teenagers from church keep growing every single day so is their zeal and passion for the word of God and growth in their relationship with Him. We have planned a purity camp for them to challenge their thoughts and influence their beliefs on chastity and sexual purity.

Would you kindly Pray and thank God with us for: -

- **Good health and provision that God has given us and our daughter Nia.**
- **Providing resources and opportunities for Harriet and Achieng to join college.**
- **For Brian to continue in his growth, convictions, and relationship with God**
- **God will also lead, assure us, and direct decisions and transitions that we are experiencing, pray also that God will direct and give us wisdom in our transition into rural Cheplaskei.**
- **Upcoming teens' purity camp that we plan to hold in the October school break.**

Thank you for being partners through transitions, into new phases of life, and into new frontiers.

Blessings,

The Omondis.
